Summary: After such a long day in the village, Hicca and Toothless finally have time for themselves. Deciding that enough time has passed, they fully get their desires that night. Human!Toothless. One-shot smut.

Beautiful in the Moonlight

The cove was the most peaceful place for Hicca and Toothless to be with each other. Almost every day, they would spend their time there. It was the place the officially met, the place they fell in love, the place they had their first kiss.

Hicca, at the moment, cupped her hands in the water of the lake. The light of the moon reflected off the water. For a moment, she thought she heard something rustle behind her, but shook it off. She washed her face and her auburn-red hair, untying all the knots. Unlike most girls had age, Hicca actually cared about what her hair looked like. She wanted it smooth and not in tangles.

She was just about to take off her clothes to bathe in the lake when someone suddenly pushed her from behind, causing get to yelp and fall forward. She splashed into the water, sputtering to rise to the surface. Once she did, she looked in the direction of her seat and huffed. "Toothless, you _jackass!_ You scared me!"

Toothless, a Night Fury hybrid, laughed and fell on his back. "Come on, Hicca! That was fun!"

Hicca scoffed and made her way out of the pool, taking her tunic off to wring it out. She wore her bindings to cover her breasts, and with Toothless, she wasn't ashamed of herself for having such a frail body. She was shorter than him by a few inches, but she was none the less beautiful (especially in the moonlight, according to Toothless). Hicca had freckles dawning her face and such lithe fingers for

someone who worked at the forge.

Toothless was the opposite, in a way. Ever since the war between Vikings and dragons ended, Toothless took on his own apprentice ship with Gobber, and his hands had become more calloused as he did. His raven hair covered a bit of his eyes, and the scales plastered on his body did no less to cover up the handsome features on his face. He was only a year older than Hicca, yet acted as if he were the younger one.

Hicca noticed that her boyfriend was staring at her as she put her tunic back on. "What?" she asked,

"You're beautiful," Toothless said with a shrug, then he laughed when Hicca blushed.

"I don't think I'm ever going to get used to being called that," she said, standing back up.

Toothless followed, taking her arm to pull her in for a kiss. Their lips met and Toothless felt like he could melt. True, Toothless had never kissed anyone before Hicca, but he wouldn't have it any other way. This girl saved his life and stole his heart. She was perfect, even if she couldn't sometimes see it.

As their kiss progressed, Hicca opened her mouth a little and allowed Toothless to slip his tongue into her mouth. It entrusted a moan from her, and she wrapped her arms around his neck as he pulled her closer to him by her waist. Finally, the two broke apart, both panting. Their make out sessions just seemed to get more and more heated.

Toothless leaned in for another kiss, but not before he suddenly felt Hicca push against his chest. He yelled as he fell backwards, splashing in the water just as Hicca did. He sat up, spewing water out as he leered at his laughing girlfriend.

"You're right!" Hicca said between laughs. "That _was_ fun!"

He only smiled and rolled his eyes. He stood up and took his own shirt off to wring it out. Toothless was well defined, and for someone young, toned. His scales were symmetrically sorted on his abs and chest and arms. He felt Hicca wrap her arms around her waist. Such physically contact was not unfamiliar by the couple, yet they never dared to go far.

He smiled as Hicca placed soft kisses on his shoulder before turning around, hugging her. "Like what you see?" he taunted.

"Very," Hicca answered huskily. She leaned up to kiss him again, placing her hands on his shoulders.

The kiss lasted much longer this time, and when they parted, a steady line of saliva separated from their lips. "Toothless..." Hicca said softly. She looked like she wanted to say something, then decided against it.

"What is it?" he asked, curious as to why a questiom could have caused her to act so timidly.

"It's just..." Hicca shrugged. "Do you think we could maybe...go all the way tonight?"

Toothless gave a small chuckle before realizing what she said clicked into his brain. "Wait... All the way, as in-?"

"Y-yes," Hicca said, looking down, even ashamed for bringing up such a thing.

Toothless couldn't believe it. Hicca wanted to have sex with him? Yes, they both knew how it worked. Dragons are taught from a young age how to reproduce, and humans, it seems, teach it at a much older age. They had talked about it once before, but didn't really think the other would want it.

But Toothless only smiled, tilting Hicca's face up to look into her eyes. Her beautiful, brilliant green eyes that almost seemed to match his own glistening in the moonlight. "I love you, Hicca," he said. "And if I'm going to do this with anyone, I'd rather die than it not be you."

Hicca smiled a little, and it grew when Toothless kissed her again. Their tongues fought for dominance, both moaning and coming up for air for a brief moment before assaulting their lips again. The both of them fell to the ground, with Hicca placing herself over Toothless.

He eventually reached for the hem of her tunic and pulled it off, then began to untie the string to her bindings before he stopped. He looked in her eyes again, asking the unspoken question. "Are you sure?"

He most certainly did not want to force her into this, and that's what Hicca loved about him. He would keep her safe. In answer, Hicca leaned down and place a soft kiss to his lips. Toothless finished untying the straps before he tore it off and set it aside.

Hicca gave a soft gasp as her breasts were exposed to the night air. They weren't large, unlike most of the females of Berk, but they weren't small, either. They were just...decent. Toothless leaned up and took her left nipple to his mouth and twisting the other with his fingers. Hicca let out a hearty moan, panting a little as Toothless buried his face into the space between, then alternating so that he bit down on the right while he twisted the left with his hands.

He looked back up at Hicca, who was gasping and shut her eyes tight. "Gods..." she whispered. "That felt..." She couldn't even finish her sentence.

Toothless only smiled and set a series of kisses in her neck as he massaged her breasts with his hands, only adding more pleasure. "This is only the beginning," he whispered into her ear before biting down onto her earlobe.

Hicca didn't think it was possible, but her lust for him increased even more, and she knew that more was to come. Then she realized that Toothless hadn't been pleasured yet. And as a bulge near her lower regions pressed into her, a naughty idea popped into her head.

Toothless became confused when Hicca sat up, placing her knees to trap him underneath her. He made to sat up as well, but Hicca gently held him down. "You've made me feel like the luckiest Viking in the Archipelago," she said, bending over to give him a quick kiss on his chest. "Let _me_ make _you_ feel lucky."

Toothless was about to respond when she suddenly began grinding into his groin, their pants and undergarments still blocking their full pleasure. He let out a heavy sigh and groaned. Hicca then got off and peeled his pants down. She wrapped her fingers around the hem of his breeches. "W-wait, Iâ€“"

He never got to finish as his manhood was exposed to open air as well. It sprung into the air, seven inches in length. It wasn't very thick, but to Hicca, it only meant easier penetration. And just like Hicca was, Toothless felt a little unembellished. He even attempted to cross his legs.

Hicca only pumped his cock with her fist while kissing the surround area, his slightly-hairy testicles loose under her chin. Toothless groaned and laid his head back. "Gods, Hicca..."

She kissed up the length, licking the tip and kissing it. Toothless's cock dripped a bit of precum, and throughout the whole ordeal, he was shuddering in pleasure. His cocked throbbed a little, and Hicca took this as the moment of truth. She opened her mouth wide and took the length into her mouth, bobbing up and down. She licked and sucked the member, occasionally kissing it when she let it fall out of her mouth with a small plop.

Toothless immediately decided that he would never feel nothing as good as this again. Hicca was small, yes, but she could take his entire manhood into her mouth, her nose just barely rubbing against his skin. He let his fingers into her hair, unable to resist the urge to push himself even deeper into her mouth, if possible. "Fuck..." he moaned. "G-gods, I love you so much, Hicca."

Hicca finally let go, crawling back up his body, her breasts pressing into her chest. She kissed him passionately as his hands worked on lowering the rest of her garments. Her own hands worked on his saliva-covered cock again, letting her fingers wiggle under his balls.

Finally, the both of them lay panting underneath the moonlight, both free from any clothing. Their boots and tunics acted as a pillow for Toothless, who was still suppressed underneath Hicca. They looked into each other's eyes, their love never faltering.

"Let _me_ take over," Toothless said, smirking when Hicca gave a surprise squeak at being turned around. Hicca was now underneath her dragon boyfriend. Her squeak turned into a giggle as she kissed his neck. Toothless whispered, "Have I ever told you how much I love you?"

Hicca hugged him, for the first time truly feeling his love. His skin was so warm, and his scales seemed to add to the affect. "Tell me again, just in case."

Toothless placed his arms next to Hicca's head, brushing the loose strands of her loose hairâ€”that had sometime been undone from its

sloppy braidâ€”from her eyes. _Beautiful_. "I love you," he whispered as he lovingly caressed her cheek with his hand.

Hicca closed her eyes and sighed, leaning into the touch. "I love you, too. More than anything."

Toothless raised an eyebrow. "More than Aston?"

Hicca scoffed and rolled her eyes. "Shut up and just fuck me already," she said before attacking his lips with her own in a ravenous passion.

Toothless adjusted himself so that Hicca's legs were wrapped around his waist, his cock searching blindly for her entrance. He broke apart for a moment to position himself correctly, and when he finally found it, he looked up into her eyes. "Ready?" he asked.

Hicca nodded. "Just... Be careful."

Toothless kissed her cheek and said, "I would never hurt you." He pushed into her entrance, meeting resistance at first. Hicca squeezed her eyes shut as the unfamiliar pain entered her for the first time. She gripped Toothless's arm, and Toothless stopped. "Do you want me toâ€""

"No." Hicca shook her head, panting a little. "Just give me a moment... It just...hurts a bit."

Toothless nodded, though he couldn't help but think just how much it hurt to her. To him, it was a warm feeling, the skin covering his tip peeling back, it was both stinging and pleasurable. He continued to push forward when Hicca let go of his arm. Finally, he was all the way in.

The both of them gasped to breathe, such an unfamiliar feeling filling them both. It pained for a moment, but as Toothless pulled out and thrust back in, the pain changed to pleasure. They gave out low moans as Toothless continued to pump into her, and he placed his hand under her back to arch her a little, leaning forward to kiss her as he continued to move into her.

Soon, they switch positions. Toothless pulled out, nearing climax, but letting it cool down for a moment. Hicca got onto her hands and knees as Toothless kneeled behind her. He thrust into her again, this time being much easier and not as painful. He pulled Hicca up so that her back met his chest, kissing her over her shoulder as one hand handled her breasts and the other ran over her stomach. Hicca used her own hands to tug at Toothless's hair as the other went to his waist, to try and stuff her even more.

"H-Hicca..." Toothless moaned into her lips, still fucking her from behind. "I-I'm gonna..."

"M-me, too," Hicca said. Toothless thrust into her faster and harder, actually making her scream in pleasure. It ended with Toothless squirting into her, Hicca's own liquids trailing down his cock. The two of them fell, weak from such a ferocious activity. Hicca turned around, Toothless's limp member falling out of her. She held him close, wrapping her legs with his own as she kissed her.

Their foreheads touched, their eyes drifting close. "You know," Toothless said with a smirk after a few minutes of cuddling. "We could go for another round."

Hicca looked down and giggled when he saw Toothless's cock raging against her stomach again. "I think I can take you up on that."

Toothless looked up at her with a jovial smile, which turned into a loving one. He massaged Hicca's ass with his hand as he kissed her. "Have I ever told you that you look beautiful in the moonlight?"

Stoick is gonna kill me if he ever finds out about this, he thought.

...

Finished! This was actually kinda fun, I can understand why people right this stuff. I declare this my first official piece of smut, I do not count what I attempted in my Toothcup pairing story, _Hicca the Useless_. And yes, I _suppose_ you could consider this smut a sort of prequel to the story, but you haven't read it yet, it's okay. I suggest you do, but be forewarned: it has terrible misspellings.

Because of that, I'm thinking of maybe rewriting the story? Not anytime soon, of course, let me clear my schedule. I'm shocked I found the time to right this one-shot what with the 5 other stories I have already out in public.

Also, I've tried searching for more Toothcup smut stories with a female Hiccup and a human/anthro Toothless, but there's a surprising lack of them. So I decided to try and bring it to the world. Meaning, this will not be the only Toothcup smut story you'll see. ;)
